

# Balanced Literacy

Balanced Literacy is a Language Arts Program that covers all aspects of the Alberta language learning curriculum. Instruction is divided into three areas or blocks. We are proud to offer this programming school-wide! At Grovenor we let "Literacy Light our Way!"

The Word Block focuses on developing each students' sight word vocabulary and ability to use spelling patterns. Several kinds of reading occur as part of the Reading Block. Read Alouds, Shared Reading, Guided Reading, Independent reading and Home Reading all happen daily as part of this literacy program. The Writing Block provides a structured approach to the writing process.
